

3854-Sandflex® King Cobra™ PQ
Production Metal Cutting Bi-Metal
Bandsaw Blade for Special and
Difficult Alloys

BAHCO Sandflex® King Cobra™ PQ 3854

PRODUCT DETAILS

- PQ is a high-precision milled bandsaw blade with extreme rake angle for difficult to cut materials and special alloys
- PQ has fatigue-resistant backing material and HSS tooth tips offer the best performance and long-life use for difficult to cut materials
- For high productivity cutting
- Special design combination of sharp cutting edges for easy penetration
- 17° rake angle with patented floating set
- Patented set levels produce a multi-chip cutting profile which reduces cutting forces and improves blade life
- Provides greater life for users looking for high removal rates, fast cutting
- High-performance and tool life with fatigue-resistant backing and M42 teeth
- High precision milled blade with extreme 17° rake angle for difficult to cut materials
- Multi-chip performance
