

WeldOps GS-100 Safety Goggles

Indirect-ventilated safety goggles

WeldOps GS-100 Clear

Eye protection for all-day comfort

Stay protected and comfortable on the job with WeldOps GS-100 general purpose goggles. The soft PVC frame fits comfortably over prescription eyewear, while the rugged polycarbonate lens filters out 99.9% of harmful UV rays to keep your eyes safe. Clear frames and lenses, and indirect ventilation ensure optimal visibility while working.

Applications:

General purpose impact protection

General purpose chemical splash protection

- Indirect ventilation for chemical splash protection
- Clear PVC body
- Adjustable elastic strap
- Anti-fog lens coating
- Meets CE, UKCA, ANSI, and CSA requirements
